NTMA/PMA Contract Manufacturing Purchasing FAIR

Including Re-Shoring: Bringing Work Back to the U.S.

October 29, 2010

MGM Grand at Foxwoods

Mashantucket, CT

Reduce Your Costs and Help the U.S. Economic Recovery:

Who Should Attend:

- Companies that outsource or offshore parts and tooling

Why Attend:

- One-stop with 200 competitive top U.S. job shops
- Reduce your Total Cost of Ownership by re-shoring:
  - Shorten supply pipeline, reduce inventory
  - Improve the quality and consistency of inputs
  - Localize manufacturing near R&D, strengthening innovation
  - Reduce IP and regulatory compliance risk
  - Minimize your carbon footprint
- Free registration for customers!

Focused on parts and tooling currently produced offshore or domestically:

- Machined, Stamped, Fabricated and Formed Parts
- Aerospace Machining & Fabrication
- Special Tooling
- Special Machines
